- Software Development
- Front End Development
- Software Testing

CERTIFICATIONS

ISTQB - Certified Tester
Foundation Level

AWS – Certified Cloud
Practitioner

KEY TECHNOLOGIES

- Typescript/Javascript
- React
- Nodejs
- AWS

SOFT SKILLS

- Willingness to learn
- Effective communication
- Teamwork
- Critical thinking

LANGUAGES

- Hungarian: Native
- English: C2/C1
- German: B2

WORK EXPERIENCE

QA Tester

Testlio | Remote

2022 Dec. – 2023 Dec.

As a freelance QA Tester at Testlio, I earned relevant experience in end-to-end, usability, localization, accessibility, exploratory, functional and regression testing, while working on different projects in a fully remote, project-based environment.

Frontend Developer

MOHAnet Mobilsystems | Budapest, Hungary

2021 June – 2022 Aug.

As a Frontend Developer, I was able to experience the whole software development cycle, from designing software to releasing it. I learned how to integrate code into an already existing codebase and create reusable libraries.

Frontend Developer Trainee

MOHAnet Mobilsystems | Budapest, Hungary

2021 Feb. – 2021 June

As a Frontend developer trainee, I learned how to use my previously acquired knowledge to take part in developing a web application for data visualization and administration of data-collecting devices.

EDUCATION

MSc, Computer Science

University of Copenhagen

2022 – 2024 | Candidate

Erasmus+ semester at Humboldt-Universität zu Berlin

BSc, Computer Science

Eötvös Lóránd University

2018 - 2021
